

Code: IKFAA  
Adopted: 2/16/01

Hermon School Department

### **Additional Graduation Requirements**

When additional graduation requirements are adopted by the Hermon School Committee, those requirements will take effect with the next class entering Hermon High School (e.g., students in the Class of 2006 would meet a requirement adopted in April 2002 while students in the Class of 2007 would meet a requirement adopted in October 2002).

Transfer students may be granted waivers for required courses at the discretion of the principal and guidance director.

The principal and guidance director, upon approval of the School Committee, may choose to implement and promote proposed courses as electives until the requirement is compulsory.
