Hermon School Department

Student Assistance Team

The Student Assistance Team (S.A.T.) is dedicated to helping students and parents find assistance for dealing with problems which interfere with a healthy, productive academic experience. The team identifies individual student needs, develops appropriate action plans, and coordinates available services and resources.

Definition: The Student Assistance Team is a group of professionals in each of the Hermon schools whose function is to identify and redirect students exhibiting behaviors that may contribute to school and social failure. Others may be invited to serve on a case by case basis.
