

Hermon School Department

Co-Curricular Philosophy for Hermon Middle School

The co-curricular activity program of Hermon Middle School is a vital part of the educational system. The primary purpose is to assist students in growing and maturing into responsible members of the school and community. As participants in activities, students are and will continue to be an important part of school life. This belief has resulted in the establishment of certain standards for students. These include standards of behavior in the area of school attendance, academic achievement and proper conduct. As co-curricular activities are an integral part of our school curriculum, it is the goal of the Hermon School Department to offer a program of co-curricular activities that provide opportunities for boys and girls to learn skills, good sportsmanship, the importance of team work, and the importance of motivation and goals. We further believe that participants must recognize the value of good physical health and conditioning and the role they play in competition/participation.
