Hermon School Department

**Hermon High School Policy on
Perfect Attendance and Exemplary Attendance**

Exemplary attendance will be defined in the following fashion – students who do not miss a class during the course of a school year. (These students will receive a certificate indicating perfect attendance.)

Students who miss school or class for educational reasons including field trips, overseas excursions, and participation in educational events may be excused from school and be considered for exemplary attendance if so deemed by the superintendent of schools. Other conditions which may warrant a waiver from the superintendent include dismissal from school for legitimate appointments such as doctor or dentist or emergency treatment. (Waivers should be sought in advance of the absence.)
