Hermon School Department

Distribution of Non-School Materials

The Board wishes to minimize intrusions on the teaching and learning time of students and staff. While there are many worthy activities in the community served by the Hermon School Department that are sponsored by various organizations, the Board believes that students should not be used to distribute or carry home flyers, brochures, or other materials that are not directly related to school programs, school curriculum, or school-related activities.

Only the following materials may be distributed to students:

- A. Communications from the Board, Superintendent, school administrators, and school staff such as newsletters, letters to parents, announcements of meetings or events, school forms and classroom information;
- B. Information and notices concerning school-sponsored activities and programs for students and/or parents;
- C. Information and notices concerning activities and programs offered by groups affiliated with the school, such as parent-teacher organizations and booster groups; and
- D. Information and notices from municipal, state and federal agencies concerning programs available to students.

POSTING OF COMMUNITY MATERIALS

The building administrator may designate a bulletin board or other specific location where notices regarding community activities or events that may be of interest to students and/or parents may be posted. In order to make sufficient space available, building administrators may establish rules for the size of notices/flyers and the length of time they may be posted. Community materials may not be posted without the prior approval of the building administrator.

Materials that interfere with the instructional process or the operation of the school, that are lewd or obscene, libelous, that are discriminatory or infringe upon the rights of others, promote illegal activities or are in violation of any Board policy will not be posted.
